## Who We Are

We are a manufacturing rep agency, with the primary goal to assist engineering and procurement teams find the right suppliers for their specific needs. From manufactured components, bearings, hydraulic rotary actuators, cam followers, yoke rollers, Linear motion systems, chain, pumps, bin activators robotic integration, painting and plating services, we have partnered with the best companies locally and around the globe to deliver engineered required parts that meet the quality, delivery, and pricing requirements of our customers.

Mission: To be recognized as the preferred partner who offers Strategic Sourcing Solutions to our Customers.

### Values:

- Honesty & Integrity
- Quality
- Engineering Solution Provider
- Respect
- Passion

### Territories:

- The America's—SJH ONLY
- Pennsylvania
- Ohio
- West Virginia
- Maryland, Delaware, New Jersey (Select Principals)

Not all capabilities are listed. Call us to discuss your needs.

## Commodities—Line Card

Our manufacturing partners can produce:

### Power Transmission and Motion Controls:

- ◆ Hydraulic Rotary Actuators
- ◆ Bearings
  - All Bearings from A to Z to include but not limited to:
  - Roller Bearings
  - Ball Bearings
  - Spherical Bearings
  - Pillow Block Bearings / Inserts
  - Specialty Bearings
- ◆ Seals—Shaft Seals, Bearing Seals
- ◆ Ball Joints
- ◆ Cam Followers / Yoke Rollers
- ◆ Spherical Rod Ends
- ◆ Connecting Linkages
- ◆ Linear Motion Systems
- ◆ Chain, Clevis,
- ◆ Manufactured in the USA or Globally

### Material Processing:

- ◆ Pumps
- ◆ Mechanical Seals / Ball Check Valves
- ◆ Bin Activators, Bulk Bag Fillers / Unloaders
- ◆ Any type of Solid Material Movers to include Conveyors and System Integration

### Specialty Machines:

- ◆ Robotics
- ◆ System Automation and integration

## Painting, Plating Services

Our capabilities Include the following:

### Zinc Plating: Barrel & Rack:

- ◆ Rack up to 12.5' long
- ◆ Trivalent Chromates: clear, yellow, black
- ◆ Other Chromates: hex black, hex yellow, olive drab

### Zinc Nickel Alloy: Barrel & Rack:

- ◆ 5% to 15% Nickel Deposits
- ◆ Trivalent Chromates
- ◆ 1000 hour salt spray results

### Phosphate: Barrel & Rack:

- ◆ Zinc Phosphate
- ◆ Manganese Phosphate

### E-Coat / Electrocoat:

- ◆ Rack up to 20' x 10' x 3'

### Wet Paint:

- ◆ Automotive Finish Capable

### Powder Paint:

- ◆ Rack up to 40'x14'x10'
